My dear Dewar

With reference to your D.O. of the 20th inst. I hope you will pardon my bothering you once more on the subject.

I accept unreservedly & with great pleasure your expression of personal regard & friendship & I can honestly say in return that any services professional or otherwise that I can possibly render to you or yours during our long acquaintance I shall give them with the greatest pleasure, & they were after such a most unbecoming display of your invariable kindness & courtesy to me, so that whatever may be the question of allowances may be finally settled, there will be no unpleasant personal feelings in the matter.

6

Sir Roy that when the Medical Service was reorganized some years ago the idea was to treat any Emoluments & Pensions of Dr Benson as consolidated Medical pay, not subject to increase on the ground of promotion in the British Service, but on my representation afterwards, when I had completed 20 years Service, & asked for an increase of Rs 200 p.m. this was all changed & I was to be allowed being considered, & on account of this change Benson was refused his allowance during first 20 years, I am refused ~~him~~ mine now, & it is intended, I believe, that I shall draw no moiety of them in

future, in the Event of my going on furlo.
Even though I knew it before.

Permit me, my dear Dewson, to say that I think I am making a mistake as regards the consolidation part of the Question. I never understood that it existed & I remember distinctly asking for at your old home at Dayton, in the same discussion that I recommend the abolition of the Local Medical School, to consolidate my pay & allowances, with a view to preventing my being docked of the latter when proceeding on leave. I don't think it would be all right, but nevertheless did not do it.

My pay used to be cut down as

Pay + allowances in lump sum instead of being cut down as [illegible]

On a lump sum of Rs 1500/-, but these made up all the sums of two items, viz Rs 850/- & Rs 650/-, the former the pay for Civil Surgeons between Rs 1200 Rs. Rupees, for 1st Class Station & the latter charge allowance for local institutions. Under these circumstances I cannot see how granting the increase of Rs 200/- on Completing 20 yrs Service could upset the Consolidation part of the question, as both Emoluments were Fixed, & things are now in status quo ante, & you are fully at liberty to deal with any allowance now in the same way as you did before the increase referred to was granted.

I do not want to urge you to do anything that would be Embarrassing to you in the way of creating a precedent that might

GOVERNMENT OF MYSORE

Cause future inconvenience but I am asking for nothing new. It was done before & nothing has since occurred to render it unpracticable to do the same again.

I want your view about the allowance whilst on privilege leave this time. You are treating me very kindly as regards the times spent on deputation & I am as willing that whilst on leave, but it would be terribly hard if a poor beggar draws no benefit from them if on furlo on private affairs, on sick certificate & I still hope you will reconsider your determination in the matter.

As I pointed out on a former occasion my present allowances, amounting to Rs 650/-, might be computed as follows —

P.T.O.

Asylum Lunacy Dewsbury & Hospital Grant Rs. 250-

Hospital, Rs 100/- when there were only 34 or 35 Hospl & Asylums, but now with 95 there it might be at least ———— 150-0

Medical charge C. Jail 100-0

Maternity 100-0

Total Rs 600-0

From this we that charge of local institutions alone comes to Rs 600/-, and for administrative charge of the Med. Dept, Vaccination, Sanitation, &c. all involving from Solicitor Hon. Office work Every day Exclusive Inspection work, the allowance is only Rs 50/-. The Dr Surgeon General here

draws the same pension Lac. yet he has
no Executive work, & has not more
so far as I know, than 15 or 16 hospital
b- beds attd Provincial & Native hosps including
both here & at Bassein & Bulgaum.
There. to do all or supervise all my
work single handed. There no Secretaries
or Assistants Capable of relieving me
of any portion of the onerous or more
responsible part of this, Bombay, Grant, or
Patients.

I think you owe my Staff consideration
any pay at the roots, looking up to the
Qualities of the Examination for admin
istrative & Executive work by giving
on the Time Scale of Salaries with 20
yrs to the Punjab, N.W. Provs, Bengal and
Burmah here. all Medical Officers with
previous full Experience as Lts, but they are
leaves the latter out & give to Officers who have

his own Business Experience. Mr Thomas
knew me he did not know sufficient of
the practical working of Sails to wish to put
it up. Said he thought I got it, & after a
talk with Jn. on the subject he sent me the
Specifications, & I doubt if Mr Thomas ever
Cast his eye much about it either, & he
cannot go about & inspect them frequently
Mr Bowen pay the allowance owed he con-
sidered too, if Jn. wished it, having an
understanding that he stood at the
Expiration of the roof. on completing 25 pairs
Invoices, & making in his own & mine
own assignment by which an actual
Lien would at once & the permanent
encumbrance a monthly this allowance
during absence on leave.

Bowen draws Consolidated pay & pen
Jn. & yet Superintends he loses none of

Stocks & leave absence - Jn. the same reasoning did apply to Allowance

X Wish Mr Thomas get two longer arms up on Local key

Either Whilst on privilege leave. I will get 50% of the whole if on furlough.

The pay of the Civil Secretary, Engineer & Forest Officers are all consolidated, and there is therefore no parallel strictly speaking between their cases & mine. Please do not think me a grumbler & a discontented. I am writing. I only want to make a plain, and at the same time friendly statement of my case, and leave it to you to deal with as I know you will, in a fair & liberal spirit.

My service of 21 years in the Mysore State has been a happy one, & I can only look back with pleasure on the way in which I have been treated throughout by persons

GOVERNMENT OF MYSORE

Mysore
18th June/91

My dear Sir,

Your telegram of yesterday's date sent at about 5.30 reached the Dewan last night. I take it that you have received my D. O.

The Dewan desires me to explain as follows:

Besides passage money to and from England you will be allowed full pay and allowances during the period of your deputati

at Congress. Such period may be reckoned from date of your departure from India to close of Congress as Congress is near at hand. After Congress you can take privilege leave to such extent as you may wish so that the entire period of your absence from here may not exceed 5 months. During privilege leave, you

will draw the leave allowances prescribed by the Code. The Dewan fears that to make any exception to the rules relating to allowances during privilege leave would prove an inconvenient precedent.

As explained in my D.O. the orders will issue early as soon as we hear from the Residency in reply to our application for Dr Dobson's services. If you are coming here for a day as you

once I wrote to the Dewan to say you would, perhaps the subject can be further talked over and doubts explained.

I am &c
